Dear Mr. Pankonin:

We have completed our evaluation of your request for amendment to your approved model list (AML), Project No. SA11777SE-A, for the installation of a gascolator, per your request, dated May 1, 2012. We find that you have satisfactorily demonstrated compliance with the applicable certification regulations. Accordingly, we have enclosed AML SA01026SE, dated December 19, 2012, with the addition of the Aviat Husky Model A-1C-200 aircraft.

Since I am very much interested in the service we provide to the aviation community and the general public, it would be helpful if you would provide your thoughts and comments regarding how the approval process went. To gather this information, we have enclosed a short survey (with a self-addressed, stamped envelope) that I hope you will fill out and return. You will note that the return envelope is addressed to me. You may rest assured that your comments will receive my full attention and that I will hold your comments in strict confidence, should you request I do so. Please note that this stakeholder survey is common to all Aircraft Certification offices within the Federal Aviation Administration's Aircraft Certification Service and is aimed at enabling the Aircraft Certification Service to deliver the best services to each of our stakeholders.

Sincerely,

for Ross Landes
